

### **Be cool.** Know California bike laws.

#### Below are some of CA's bike laws.

Wonder about local ordinances on sidewalk riding? What about e-bike regulations? Other concerns? Visit <u>https://bikemonterey.org</u> or phone 831.375.6278. This poster was created 3 July 2019. For any updated legislation, contact Bicycling Monterey or <u>https://calbike.org</u>.

- 1. **Brakes—BMX, fixies, all bikes.** On CA roads, bikes are illegal without brakes. (*Bicycles must be equipped with a brake that allows…a one-braked-wheel skid on dry, level, clean pavement. CVC 21201(a).*)
- 2. Alcohol/drugs. Don't get a BUI! (Bicyclists may not ride while under the influence of alcohol or drugs. CVC 21200.5.)
- 3. **Earbuds**. Leave one out. (*Bicyclists may not wear earplugs in both ears, or a headset covering both ears. Hearing aids are allowed. California Vehicle Code/CVC 27400.*)
- 4. **Traffic signals, stop signs, etc**. "Same roads, same rules, same rights." (*Bicycle riders on public roads have the same rights and responsibilities as motorists, and are subject to the same rules and regulations. CVC 21200.*)
- 5. **Ride in the same direction as traffic.** Bikes travel like cars, *not* like pedestrians. (*Bicyclists on the shoulder of a roadway must ride in the same direction as the traffic. CVC 21650.1.*)
- 6. Proper lane usage. See tips and details online. (CVC Section 21202 Operation on Roadway.)
- 7. **Permanent seat.** (*The bicycle must have a permanent seat. Passengers must have a separate seat.* **[Passengers] under four years old, or weighing 40 pounds or less,** *must be restrained and protected from moving parts of a bicycle. CVC 21204.*)
- 8. Helmets for minors. If you're under 18, not wearing one may result in a ticket. (*Bicyclists and bicycle passengers under age 18 must wear an approved helmet... CVC 21212.*)
- 9. Lights, reflectors. The following equipment is required on bicycles ridden at night (CVC 21201). Local bike shops have great selections. You can also rig up your own lights from inexpensive supplies.
  - ✓ A white headlight, or white lamp attached to rider, visible from 300 feet in front of and from sides of the bicycle
  - ✓ A red reflector visible from 500 feet when illuminated by a motor vehicle's headlights
  - ✓ A white or yellow reflector on each pedal visible from 200 feet to the front and to the rear of the bicycle
  - ✓ A white or yellow reflector on each side of the front of the bicycle, and a white or red reflector on each side of the back of the bicycle, or reflectorized tires

# Be safe.

### Follow safe riding practices *and* advocate for better infrastructure!

At BikeMonterey.org, learn how to advocate for protected bike lanes and other infrastructure improvements.

**Also on the Bicycling Monterey site:** Tips for Bicycling Monterey County, a 20-section guide, with an extensive section on riding skills, safety, and laws; Monterey County Bicycling Resources, a 33-section guide to resources and bike community leaders; Master Calendar for Bicycling Monterey County, featuring group rides, meetings, other activities; bike-and-ride tips (taking your bike aboard a bus or other motor vehicle); and much more, for people of various abilities, ages, and interests, riding all types of bicycles!
